<http://www.elecleague.ab.ca/index.asp?view=cec>

The CEC is open to everyone in the industry: electricians, contractors, engineers, manufacturers, distributors, manufacturers' representatives, utility, inspectors, and so on. We encourage younger members of our industry to join as the CEC is a great way to network and meet people.

Your membership renewal enables you to receive discounts at all of our events throughout the year, and contributes greatly to our scholarships at SAIT, the U of C, Red Deer College and the New members Only scholarship. We currently have the following bursaries set up, and this year the CEC has increased the donations and would like to do so every year with your support.

- \$1000** – U of C Electrical Engineering
- \$1000** – SAIT Electrical Technician
- \$1000** – SAIT 3rd Year Electrical Apprentice
- \$1500** – Scholarship for CEC Members only
- \$1000** – Red Deer College
- \$1000** – Centennial CEC Members only Scholarship

The CEC membership fees are very reasonable.....*with all of these pluses being a member of the CEC is a great move !*

FILL out this FORM and Email it to info@elecleague.ab.ca

Type:
