Alberta Electrical League Conferencing Affinity Program

The Alberta Electrical League has created an Audio, Web and Video Conferencing Affinity Program for its valued members. This includes:

- **4.9¢ Audio Conferencing Rate:** that is 45% below the industry average for rates!
- **Per Second Billing:** Save an additional 5% to 7% by paying by the second instead of by the minute
- **Free Paper Invoices or Electronic Invoicing:** There is never a charge for paper invoices, or you can choose to receive invoices by email
- **Free Call Recording and Archiving:** Record your calls for free and retrieve them online. Ideal for taking meeting minutes or if someone misses a meeting
- **No Contracts or Minimums:** Pay as you go with no contractual obligations
- **Chairperson Appreciation:** Receive a \$5 coffee card when you become a conference call host with Recite Conferencing
- **Giving Back:** 5% of your conference call usage will go towards an educational bursary to send a deserving recipient to an Industry Educational Institution in Alberta

Giving back to your industry and your community with services you use for business

Here's how it works:

- Contact **Recite Conferencing** at **1.888. 361.7101** or CustomerSupport@ReciteConferencing.com to register
- To receive the AEL members' discount, please identify your organization as an active and registered paid AEL member
- Recite Conferencing will invoice your organization directly and you can utilize Audio, Web and Video Conferencing services
- Recite will send AEL a monthly cheque towards an AEL Bursary

The Alberta Electrical League is committed to delivering value to its members.
